**Children and Vulnerable Adults Protection Policy**

---

**Introduction**

Everyone involved in delivering education, especially to children and vulnerable adults, has a role to play in creating the best possible environment for them. All of the members of SCENZ and our contractors are also employed by secondary or tertiary educational organisations which have their own policies and statutory requirements of police checking etc. So the following requirements only relate to the unlikely situation where non-registered educators are contracted by SCENZ.

**Policy Statement**

**Police Vetting**

Police vetting aims to protect our more vulnerable members of society from any risks posed by people who may have displayed behaviour that could be detrimental to others' safety and wellbeing.

Police vetting searches the Police database for information held about the person being vetted. Information released may include:

- a) conviction history,
- b) location of the court,
- c) the date of the offence,
- d) the offence itself; and
- e) the sentence imposed.

Criminal conviction information is released in accordance with the Criminal Records (Clean Slate) Act 2004.

*Responsibilities*

SCENZ is obliged to Police Vet their NEX people and volunteers in accordance with this policy.

Schools have their own safety checking policies and responsibilities under the Vulnerable Children Act 2014 (VCA).

*Who needs to be Police Vetted?*

- a) Any NEX person of SCENZ and/or volunteer who has Regular or Overnight Contact with a Child or Vulnerable Adult **must** be Police Vetted;
- b) All SCENZ NEX people and office holders will be Police Vetted;
- c) All SCENZ volunteers, working with children or vulnerable adults within a SCENZ sanctioned event will be Police Vetted;
- d) Ideally, NEX people and volunteers should be Police Vetted before they commence their roles for SCENZ Existing NEX people and Volunteers who fall within the above criteria will also need to be progressively Police Vetted.

NEX people and volunteers can perform their roles whilst a Police Vet is in progress.

### *Who does not need to be Police Vetted?*

Police vetting is not necessary for persons who assist on an occasional basis (i.e. people who do not have Regular or Overnight Contract with a Child/Children or Vulnerable Adult).

The vetting process is confidential and adverse action may not be taken against the subject of a vet without the person being given an opportunity to validate the vet information.

SCENZ maintain a confidential Police Vetting Register for any contractors who are not currently covered in this respect by their main educational employer. Police Vetting records remain valid for three years, and must be updated as appropriate to ensure the register is current. All police vet records will be destroyed when no longer required.

### **Suspected Child Abuse or Vulnerable Adult Abuse**

Organisations which include young people among its members may be vulnerable to occurrences of child abuse or abuse of a vulnerable adult. People involved with PLD may be in a position of trust and may notice or be made aware of instances of such abuse. The below process outlines SCENZ's procedures for dealing with this situation, should it arise.

The welfare of Children and Vulnerable Adults is the concern of all adults at all times, irrespective of their role within SCENZ. Details of personnel appointed by SCENZ to oversee child protection and adult welfare is available on SCENZ website.

It is not for anyone working in SCENZ in a paid or voluntary capacity, or those working in affiliated organisations, to take responsibility or decide whether or not abuse is taking place. However, there is a responsibility to protect Children and Vulnerable Adults by assisting the appropriate agencies so that they can make enquiries and take any necessary action to protect the Child or Vulnerable Adult.

Forms of inappropriate behaviour/abuse can be found in Appendix One. If any of those behaviours are suspected, it ought to be reported in accordance with this Policy.

Section 15 of Children Young Persons and Their Families Act, 1989, states "Any person who believes that any child or young person has been, or is likely to be, harmed (whether physically, emotionally, or sexually), ill-treated, abused, neglected, or deprived may report the matter to a social worker or a constable."

Section 16 of the Children Young Persons and Their Families Act, 1989, states that any person making a notification in good faith is protected from any civil, criminal or disciplinary proceedings in relation to that notification.

### **Responding to a child disclosing abuse**

It is important that adults remain calm and confident when a child tells them what has been happening to him or her. Every child is different in how, when and where they will tell an adult about abusive experiences so it will most likely happen when the person is least expecting it. Facial expressions and tone of voice are as important as what is actually said to the child. When dealing with a child's disclosure, adults should take the following approach:

- a) Deal with allegation of abuse in a sensitive manner by listening to and facilitating the child to tell about the problem;
  - b) Stay calm;
  - c) Do not make any judgmental statement about the person against whom the allegation is being made;
  - d) Use non-specific questions such as "Can you explain what you mean by that?"/ "How come?". Let the child tell the story in his/her own words; and
  - e) Give the child a general indication of what will happen next, such as informing parents/guardians and Oranga Tamariki - Ministry for Children.
-

If the child asks you to keep the information secret, inform him/her that you will keep the information as secret as possible, however, you may need to inform certain people to make sure that the child is kept safe.

Under no circumstances should a person attempt to conduct an investigation or deal with concerns regarding child abuse alone. The statutory responsibility to investigate allegations of child abuse rests with Oranga Tamariki - Ministry for Children and the Police.

If a Child makes a verbal disclosure to a NEX person, it is important that the NEX person takes what the Child says seriously. This applies irrespective of the setting, or the NEX person's own opinion on what the Child is saying.

Where a disclosure is made by a Vulnerable Adult, the above process will still apply as a general guideline.

### **Allegations against others**

It must be remembered that making a disclosure or a complaint against someone in a position of power and authority is always difficult. The person making the disclosure may reconsider and express a wish to retract their allegation. At the outset, it must be clearly communicated with the child or adult that their concern is being taken seriously and will be responded to in accordance with this Policy.

Allegations, suspicions or complaints of abuse against NEX people, Volunteers or representatives of other organisations must be taken seriously and reported to the Designated Person, who will deal with them immediately, sensitively and expediently within the procedures outlined in this policy. Concerns may be raised a number of ways. For example:

- a) Directly, by staff hearing or observing issues of concern or behaviour of concern;
- b) Direct disclosure by the child or vulnerable adult;
- c) Indirect disclosure e.g. through written or art work or through friends;
- d) Complaint from a parent or caregiver or whanau member;
- e) Reports by other colleagues or agencies; or
- f) As an anonymous report.

Allegations of abuse may be made some time after the event. For example, the allegation may come from an adult who was abused as a child by someone who is still currently working with children. In the event of historic concerns of abuse, this Policy should still be followed.

In all child protection cases, SCENZ will co-operate fully with both Oranga Tamariki - Ministry for Children and/or the Police in their investigations and assessments.

### **Use of settlement agreements**

SCENZ does not support the use of 'settlement agreements' if they are contrary to a culture of Child Protection. Some 'settlement agreements' allow a NEX person to agree to resign provided that no disciplinary action is taken, and a future reference is agreed. Where the conduct at issue concerns the safety or wellbeing of a Child, the use of such agreements is contrary to a culture of Child Protection.

Where a person tenders his or her resignation, or ceases to provide their services, this shall not prevent an allegation of abuse against a Child being followed up in accordance with these procedures.

## Steps to be taken following a complaint

Upon receiving a complaint, the safety of the Child/person making the allegations should be considered, alongside the safety of any other Children who may be at risk. All necessary steps must be taken to protect Children and Vulnerable Adults within the care of SCENZ.

The issue of confidentiality is important. Information ought to only be disclosed on a 'need to know' basis and the person about whom the allegation is made should be treated with respect.

Once a complaint is received, the following procedure should generally be followed. However, SCENZ recognises that this process may be amended or departed from depending on the particular situation.

- a) Advice to be sought from local agency such as Oranga Tamariki - Ministry for Children or the Police with regard to any action necessary to protect the child who may be at risk. Oranga Tamariki - Ministry for Children may be contacted on 0508 326 459.
- b) If appropriate, the matter should be formally reported to Oranga Tamariki - Ministry for Children or the Police by the Designated Person.
- c) If the Police or Oranga Tamariki - Ministry for Children decide to investigate the complaint:
  - i. If the alleged perpetrator is a Volunteer, SCENZ may require that person to cease their Volunteer duties pending the outcome of the investigation. It should be made clear to the person that this is a precautionary measure pending the outcome of the investigation.
  - ii. If the alleged perpetrator is another PLD participant, SCENZ may require that person to suspend their involvement in the PLD activity pending the outcome of the investigation. It should be made clear to the person that this is a precautionary measure pending the outcome of the investigation.
  - iii. If the alleged perpetrator is a contractor, SCENZ may require that person to cease their contractor duties (subject to the terms of their contract) pending the outcome of the investigation. It should be made clear to the person that this is a precautionary measure pending the outcome of the investigation.
  - iv. If the alleged perpetrator is an employee, SCENZ may consider suspending the employee as a precautionary measure (subject to the terms of that person's employment agreement and SCENZ Disciplinary Policy).
- d) SCENZ may also consider the possibility of disciplinary action in relation to the employee's conduct.

All persons involved in a child protection process (the Child/ adult, his/her parents/guardians/ representative, the alleged offender, his/her family, management teams) should be afforded appropriate respect, fairness, support and confidentiality at all stages of the procedure.

The fact that the alleged perpetrator has not been prosecuted or been found guilty does not necessarily mean that they are appropriate to work with young people in the future. Therefore, a risk assessment ought to be carried out before allowing the person to return to their duties as a Volunteer or NEX person.

NOTE: Where the complaint relates to a Vulnerable Adult, the agency who ought to be contacted in accordance with the above general procedure is the Police.

---

## Confidentiality

To the extent possible in the circumstances, confidentiality should be maintained in respect of all issues and people involved in cases of suspected abuse, welfare issues or bad practice. It is important that the rights of both the Child or Vulnerable Adult, and the person about whom the complaint has been made, are protected:

- a) A guarantee of confidentiality or undertakings regarding secrecy cannot be given, as the welfare of the child will supersede all other considerations;
- b) All information should be treated in a careful and sensitive manner and should be discussed only to those who need to know (such as the relevant Statutory Authorities); and
- c) Information should be conveyed in a sensitive manner to the parents/guardians of the Child or Vulnerable Adult about whom there are concerns. Where the complaint relates to the conduct of the parents/guardians, the relevant Statutory Authorities may need to be consulted with before deciding who is the appropriate person to inform the parents/guardians of the complaint.

## Anonymous Complaints

Anonymous complaints can be difficult to deal with but should not be ignored. In all cases, the safety and welfare of the Child/Children or Vulnerable Adult is paramount. Any such complaints relating to inappropriate behaviour should be brought to the attention of the Designated Person. The information should be assessed and handled in a confidential manner.

## Rumours

Rumours should not be allowed to hang in the air. Any rumours relating to inappropriate behaviour should be brought to the attention of the Designated Person and assessed without delay.

## Policy Implementation

---

The implementation and review of this Children and Vulnerable Adults Protection policy are the responsibility of SCENZ's Executive Management or Board.

SCENZ's Chair will make all employees and volunteers aware of this policy and for them to acknowledge the policies when they take responsibility of children in activity or event associated with SCENZ.
