

Advertising chemistry jobs on the NZIC website

Overview

The New Zealand Institute of Chemistry website provides a focal site for those with interest in chemistry in New Zealand. The Chemistry Jobs page aims to collate available chemistry jobs and openings in New Zealand.

The Chemistry Jobs page is for any advertisements for open positions or jobs relating to the field of chemistry, including chemistry PhD scholarships and postdoc appointments.

Cost

This service is free for current NZIC members. Otherwise the cost is \$50 per listing. An invoice will be sent out, and payment can be made by direct credit into the NZIC bank account: 02-0585-0057263-00. If you wish to pay by credit card, please get in touch with the administrator.

Submitting the ad

Please send in your ad by email to nzic.office@gmail.com

Snippet – Please provide a short summary for the jobs overview page.

Expiry - Please indicate the expiry date for your job advertisement (the date after which the ad should be taken down).

Graphics - Graphics can be included in the advertisement. Please supply the required image(s) in .jpg or .png format.

Clickthrough link – if you'd like your ad to include a link to your organisation's website or other external site, please provide the appropriate URL.

If you have any questions, please contact the NZIC administrator on nzic.office@gmail.com
